

Start Here: Rajasthan GK Complete Test Series

Thank you for your purchase. Your tests are online, in a computer-based test (CBT) console like the real RPSC / RSSB exams: timer, question palette, mark for review, +1 / -1/3 marking, instant result and our explanation for every question.

How to use

1. Log in on [notesbazar.in](https://www.notesbazar.in) with the same account you used to buy this pack.
2. Open the test series page above. Every chapter test of all five subjects and all 20 CET / RAS mocks now shows **Start test** instead of **Unlock**.
3. Read the instructions, take the test, submit, and see your score, accuracy, subject-wise table, time analysis and the solution to every question.
4. Retake any test as often as you like. Your answers are saved on your device, so you can resume a test if the page closes.
